

Wednesday, 04.12.2013

National Museum in Krakow, The Cloth Hall Main Market Square 3	
8.30	Welcome, Janusz Czop - <i>Deputy Director for Conservation and Collections, The National Museum in Krakow</i> Introduction Roman Kozłowski - <i>Head of the HEREDITAS Centre</i>
8.40	Yvonne Shashoua , <i>National Museum of Denmark</i> "Plastics - the dream of the 20th century or the nightmare of the 21st?"
9.20	Stefan Michalski , <i>Canadian Conservation Institute</i> "How do we go from mechanical properties of materials to an estimate of collection risk?"
10.00	<i>coffee break</i>
10.30	Wojciech Fabianowski, Zofia Żukowska , <i>Warsaw University of Technology</i> , "Characterisation of Polymeric materials with Raman spectroscopy and MALDI ToF Tools"
11.10	Grażyna Adamus , <i>Centre of Polymer and Carbon Materials Polish Academy of Science, Zabrze</i> "Assessment of (bio) degradation of select polyesters and characterization of the structure of their degradation products"
11.50	Erwin Rosenberg , <i>Vienna University of Technology</i> "Analysis of organic binding media and their degradation products by gas- and liquid chromatographic techniques"
12.30	<i>lunch break</i>
13.30	John Sweeney , <i>University of Bradford</i> , "Time dependent mechanical behaviour of polymers: long-term effects"
14.10	Eric Hagan , <i>Canadian Conservation Institute</i> , "Investigating the time-dependent mechanical properties of artist paints and plastic materials in museum collections"
14.50	Kazimierz Piszczek , <i>University of Technology and Life Sciences in Bydgoszcz</i> , "The structure and properties of processed poly(vinyl chloride)"
The National Museum in Krakow, The Main Building, Al. 3 Maja 1	
16.00	<i>technical visit in the museum galleries</i>

For free conference registration please send an e-mail artplast@chemia.uj.edu.pl

(deadline: 2 December)

The number of participants is limited
