

Attachment 1 - Instruction for the applicants

Panel	Field	Comments
Select application type	Select application type	Grant – My Advanced LAB, MAL <i>Field completed automatically</i>
Competition details	Competition ID	<i>Field completed automatically</i>
	Competition name	Young Labs (Edition No. 3) <i>Field completed automatically</i>
	Application type	Grant – My Advanced LAB, MAL <i>Field completed automatically</i>
	Form of application	Individual <i>Field completed automatically</i>
Priority Research Area/Faculty	PRA/Faculty name	Faculty of Chemistry <i>Field completed automatically</i>
Applicant	Select applicant	<i>Select your name from the list</i>
	Applicant category	<i>Select from the list; then the information on the applicant will be completed automatically</i>
	Research domain	<i>Select from the list (note: in this field, the domain refers to the applicant)</i>
	Scientific discipline	<i>Select from the list (note: in this field, the discipline refers to the applicant)</i>
	Date of obtaining the doctoral degree	<i>Provide this information using calendar</i>
Basic information	Project title	<i>Provide the title of your project</i>
	Project type	<i>Select “research”</i>
	Project summary	Number of characters - min: 1500, max: 3000
Research domains	Domain	<i>Please select “brak”</i>
Research discipline	Domain	<i>Please select “natural sciences”</i>
	Discipline	<i>Please select “chemical sciences”</i>
Disciplines from outside the PRA	Domain	<i>You can add any number of domains and scientific disciplines related to the project by selecting them from the list</i>
	Discipline	
Scopus subject areas	Subject area according to the ASJC	<i>You can add any number of Scopus subject areas (by selecting them from the list)</i> However, an important note. One of them should be selected among the following: <ul style="list-style-type: none"> - Analytical Chemistry (Chemistry) - Chemistry (miscellaneous) (Chemistry) - Colloid and Surface Chemistry (Chemical Engineering) - Electrochemistry (Chemistry) - Environmental Chemistry (Environmental Science) - General Chemistry (Chemistry) - Inorganic Chemistry (Chemistry) - Materials Chemistry (Materials Science)

		<ul style="list-style-type: none"> - Organic Chemistry (Chemistry) - Physical and Theoretical Chemistry (Chemistry) - Process Chemistry and Technology (Chemical Engineering) - Spectroscopy (Chemistry)
Implementation timeframe	Number of months	Select "12 months"
Detailed description	The applicant's experience in conducting research	<p>Important note: The required information on the applicant's experience must be provided only in Attachment 2. Therefore, do not fill in this field. Instead, please put down: 'information provided in Attachment 2'</p>
	Members of the project team	<p>Provide only the information on the number of investigators <u>planned</u> to run your project. Please do not provide their names.</p> <p>For example: JU staff – 2 people (including the applicant) external staff – 1 person PhD students – 1 person students – 2 people</p>
	Information on access to equipment	<p>Provide information on whether the applicant has access to the infrastructure necessary for the implementation of the project, or whether he/she plans to purchase equipment under the project funding, or whether he/she plans experiments using external services or by using infrastructure outside the JU (in other institution).</p> <p>Number of characters - max: 3000</p>
	Project's relevance to the EI.JU program goals, the "4I" principle, and the program indicators	Number of characters - max: 3000
	The project's relevance to the PRA thematic scope	Number of characters - max: 3000, <i>(information on PRA you can find at: https://id.uj.edu.pl/pob)</i>
Additional information	Additional information	<p>Please fill in if applicable. Please add information on the maternity leave, adoption leave, paternity leave or parental leave granted in compliance with the Labour Code or periods of sickness benefit or physiotherapy benefit granted on account of being unfit to work, including any caused by a health condition requiring physiotherapy.</p>
Project implementation plan and schedule	Task name	You can add any number of tasks related to the project. For each task, the implementation period, the total cost (and currency), the task description, and the cost justification must be provided.
	Task start date	Please select
	Task end date	Please select

<p><i>it is advised to start the project on 15.09.2023 and finish on 14.08.2024. However, the budget must be spent by 30.06.2024. Please absolutely consider above when planning your schedule and cost estimate.</i></p>	Total cost	Introduce the requested sum of money
	Currency	Please select
	Task description	Please fill in – the number of characters - max: 3000
	Cost justification	Please fill in – the number of characters - max: 3000
Products	Product	<p>You can add any number of products (by selecting them from the list or defining them by yourself using the option “other” in the list).</p> <p>However, an important note: two products are mandatory:</p> <p>1) submission by the applicant of a proposal for a research grant (please select the appropriate option from the list)</p> <p>2) at least one of three defined in Regulations, section 12d.</p>
	Description	Please fill in the description to <u>each product</u> - number of characters - max: 3000
Project results	Results	You can add any number of results (by selecting them from the list or defining them yourself using the option “other”).
	Description	Please fill in the description of <u>each result</u> - number of characters - max: 3000
Project cost estimate	Type	Select from the list only the type of cost allowed by the Terms and Conditions. To each type of cost, define the total budget (the field "total cost" and currency)
	Total cost	Introduce the requested sum of money
	Currency	Fill in
Total project cost	Cost	Field completed automatically
	Currency	Field completed automatically
Attachments	Please add all required attachments as per the competition terms and conditions	<p>Please attach here:</p> <p>1) the project description prepared according to attachment 2 as doc/docx file (do not attach a pdf file!)</p> <p>2) the declaration of the Research Group leader (attachment 4)</p>
Declarations		Please tick all boxes
